

## World UFO day June 24<sup>th</sup>

Well, would you believe, it so happens that Wednesday the 24<sup>th</sup> of June is not just World Fairy Day but also World UFO Day! Do you know what UFO stands for? It's **Unidentified Flying Object**. That means any object flying in the sky that cannot be identified by man. Now, there have been thousands of sightings of UFOs and many of these have been recorded but man has yet to meet any aliens from outer space! Until now.... Read the story below and answer the questions, which follow

### Aliens stole my Homework

Bob had been working hard all weekend. He had stayed up until nine o'clock working out how to add three digit numbers. He even learned all his spellings and was actually looking forward to the test on Monday morning. He placed all his homework on the kitchen table and went to bed. On Sunday, he finished his Geography homework and put that on the table too.

During the night, he woke to a bright light beaming through his window. He peered out and saw a small, green spaceship land in his front garden. He put on his dressing gown and walked downstairs and into the garden.

"We come in peace," said a voice from within the spaceship.

Bob was scared.

"Our planet is in mortal danger and only one thing can save us!" said the voice. Suddenly a door slid open and revealed a small green alien. "We need your homework or our planet will explode!"

Bob did what any good boy would do - he handed over his homework and saved the planet!

**Questions**

1. On which day did Bob do his geography homework? \_\_\_\_\_
2. What was Bob looking forward to? \_\_\_\_\_  
\_\_\_\_\_
3. What woke Bob up? \_\_\_\_\_  
\_\_\_\_\_
4. What was the first thing the alien said to Bob? \_\_\_\_\_  
\_\_\_\_\_
